April 2009 Calendar of Events

Scranton – April 3, 2009: The Everhart Museum of Natural History, Science & Art announces its updated calendar of events for the month of April 2009.

Exhibits:

Through May 25, 2009 Fairy Tale Art: Illustrations from Children's Books

Fairy tales offer a magic carpet ride to a timeless, enchanted, dreamlike world. The origins and history of fairy tales spans thousands of years and many cultures. These magical stories were told and retold by storytellers in early civilizations of China, Egypt, Europe and India. The fairy tales and folk tales featured in this exhibit celebrate stories handed down through the ages that echo the wisdom of past cultures and honor the symbolic and metaphoric language of the stories. The exhibit includes traditional versions of: *The Firebird*, *Jack and the Beanstalk*, *Cinderella*, *Sleeping Beauty*, *Snow White* and *Little Red Riding Hood* along with modern stories such as: *Cinderella's Dress*, *Child of the Faerie: Child of the Earth* and *the Hungry Coat*. Prize winning contemporary artists whose art is featured include: Kinuko Y. Craft, Trina Schart Hyman, Barry Moser, DEMI, Susan Paradis and Jim LaMarche. For more information on the exhibit, contact the Everhart Museum at 570-346-7186 or email: general.information@everhart-museum.org.

Through Dec. 31st The Rocks & Minerals Permanent Gallery

The Everhart is pleased to announce the opening of a new permanent gallery, **The Rocks & Minerals Gallery**. This new gallery reinterprets and presents a new and improved version of the "Rocks Room," a well-known and beloved exhibit that was retired more than a decade ago. Created in the 1950s, the original "Rocks Room" was a small closet gallery featuring "glow-in-the-dark" rocks. It was a must-see experience for children from throughout Northeast Pennsylvania who visited during the 1960s and 1970s, and remained the most popular element of the Museum into the 1980s. The reopening of this permanent gallery cements the Everhart Museum's commitment to featuring more of its natural sciences collection and awakening the wonder and magic of museums in the child still found in all of us. For more information on the exhibit, contact the Everhart Museum at 570-346-7186 or email: general.information@everhart-museum.org.
